Dimensions in mm

Product Description

- Colored decorative lamps with internally color-coated bulb in standard A-shape (60 mm diameter)

Product Feature

- Choice of attractive colors
- Superior quality thanks to the Electro Static Coated (ESC) internal coating (instead of the conventional wet-flushed inside paint process)

Product Benefit

- Environment-friendly due to ESC coating and cadmium-free lamp
- Energy savings thanks to much higher color brilliance and lumen output than conventional colored lamps with higher wattages
- Weather-resistant bulbs are perfectly suitable for outdoor use

Application

- Indoor: parties, special celebrations and special decorative effects
- Outdoor: streets, facades, Christmas and other decorations, carnival
- Multi-color versions and printing of special graphics available on project basis
